Sirs: I take this opportunity of informing you of the benefits I have derived from Dr. C. McLane's dier Pills: I have for two years past been afflicted with the state of the Liver Pills I have for two years past been afflicted with a severe pain over the eyes, accompanied with a nervousness and sense of dizziness; a malady beyond the power and skill of our physicians to relieve and cure, caused, as far as I myself could judge, by a diseased state of the liver and stomach. Some of the doctors tried bleeding, and various other remedies were tried, but all in vain, for the deep-rooted disease still stuck fast. At last I procured a box of your Liver Pills from a druggist here, and found, after taking a portion of them, that the disease and painful sensation over the eyes have almost entirely left me. I will close by advising all those afflicted as I have been, to procure the valuable medicine at orce and save much time and pain, with little expense. With sincere gratitude and respect I remain, yours respectfully,

[SPECIAL DISPATCHES TO THE RECORD-UNION.]

DOMESTIC NEWS. From the "Record-Inion's" Own Corre-

spondent.

Washington, December 17th.—Owing to the death of Congressman Haskell Sunday morning, and the consequent adjournment of the House to-day without the transaction of any business, Henley, of California, was unable to introduce his bill amendatory of the Chinese Restriction Act. Not even an opportunity to ask unanimous consent was offered, and consequently the introduction was postponed. It is the opinion of Mr. Henley that no chance will be presented to get the measure before the House until next week, as the only business likely to be transacted before the holiday recess will be the announcement of Speaker Carlisle's committees on Thursday or Friday. No time, however, is being lost, as the measure could not be advanced any until the committees are appointed. It has been suggested that Senator Miller introduce the bill in the senate, but the engrossed copy was not placed in nouncement of Speaker Carlisle's committees on Thursday or Friday. No time, however, is being lost, as the measure could not be advanced any until the committees are appointed. It has been suggested that Senator Miller introduce the bill in the Senate, but the engrossed copy was not placed in his hands until after the adjournment to day, and it is probable now that it will be delayed until the measure is presented to the House. Henley will make an effort to obtain consent Wednesday, when the House meets again. Several members who have made themselves familiar with the proposed amend ments to the old law, have expressed the opinion that the Pacific Cosst. delegation have drawn them too strong to admit of the bill going smoothly through Congress. Section 16, particularly, is pointed out as an instance of this. The section referred to, it is said, so complicates the return certificate machinery of the law as to make it well nigh impossible for any Chinaman, no matter what his business may be, to enter the country, and the Pacific coast members consider this the chief merit of the measure, as it renders the law so strong that it will be impossible to evade it in the manner the evasion has been pageted that Senator Miller Project Approved.

Robbery and Arson.

Fowler (Mich.), December 17th.—Early this morning robers entered the house of S. Creasinger, a wealthy resident of Maple Rapids, chloroformed him, ransacked the premises, secured about \$2,500 in cash and a quantity of valuables, and then undertook to cover up their tracks by setting fire to the house immediately below the room in which the proprietor lay. He recovered from the influence of the drug in time to escape, though the house was wrapped in flames and burned to the ground with its contents. Loss, \$25,000; insurance, \$15,000. Mr. Creasinger recognized one of the robbers, and search for them is now in progress.

THE FLORENTINE COLUMBUS.

Yesterday D. O. Mills' marble gift to the State was taken from its case and placed on rollers preparatory to its removal to its granite base in the rotunda of the Capitol. The group of statuary attracted much attention from the spectators, who crowded around the workmen as they were taking it from its case. It represents, in spotless white marble, Isabella, of Spain, crowned and robed in royalty, seated upon her throne, holding a large necklace of pearls in her right hand—the jewels which the noble woman pledged for ships to carry the Genoese sailor westward. On the right of the Queen crouches a richlydressed page, whose attention is directed to the ornament which his royal mistress holds. eled the great Master Navigator appealing to | mitted in another form. his patroness for means to discover the new world. CITY BOARD OF TRUSTEES,

The Board of City Trustees met at the ew City Hall at 10 A. M. yesterday, all the

nembers present. Mark Foster, Chief Engineer of the water works, reported that during the week the machinery had been in operation 146 hours, and had pumped 10,549,000 gallons of water. The pressure during the two fires that occurred was equal to sixty pounds per square

The bid of Latham & Olsen to improve H street, from Nineteenth to Twenty-fourth, Twenty-sixth to Twenty-ninth, was accepted, and that of W. Harnett for P street, from Twenty-fourth to Twenty-sixth, and from Twenty-ninth to Thirtieth.
It was ordered that all peddlers and ven

dors be prohibited from using any sidewalk for the sale of any goods, wares or merchandise from any temporary structure or stand unless permission be first obtained from the City Trustees. The Board also requested the Chief of Police to see that the order be The resolution of intention, passed last

week, concerning the improvement of the alley between I and J, and Front and Second streets, was rescinded, and a new one passed so that grading may not be necessary. The ordinance proposed at the last mesting appointing the Health Officer as a Market Inspector, providing that his fees should come from dealers, or those who expose for sale meat and vegetables unfit for foed, caused considerable discussion. Drs. Hatch and Brune were present on the part of the Board of

Dr. Hatch said the ordinance was not di-rected against any butcher in particular, but that in all cities provision had been made for market inspection, though Sacramento had market inspection, though Sacramento flad long neglected to do so. He thought it very necessary to have some restraint exercised, but under existing laws there could be none. Dr. Brune urged that there should be some inspection, saying all cities in Europe, even the small ones, exercise legal supervision over the markets. He also spoke of the necessity of the Board of Health being active, and said it preposed to do its whole duty.

of the Board of Health being active, and said it proposed to do its whole duty.

Trustee Nielsen expressed the opinion that the law against selling diseased meat was sufficient. He thought the Health Officer had full power, and was opposed to the ap-pointment of assistants, as he feared that butchers might be needlessly harrassed and

Mayor Brown said he believed the Board of Health knew what was best. When it came to a vote he answered aye, while Trustees Gutenberger and Nielsen voted no.
The City Attorney said that in San Fran cisco the Market Inspector is paid \$250 per month and appoints two deputies, while the proposed ordinance pro-vided that no expenses should be paid y the city or by anybody except iolators of the law. He said that while the Health Officer is empowered to inspect private property and premises believed to be in a filthy condition and neighborhood nuisances, he cannot enter a store to inspect produce unless authorized to do so by some ordinance. At his request the majority had a reconsideration and voted to lay on the table, in order At the left of the two the sculptor has chisto allow the ordinance to be revised and sub-

San Francisco Produce Market

San Francisco Produce Market.

San Francisco, December 17th.

Flour-Millers report a steady market. Best City
Extra, \$5 75@6; medium grades, \$4 85@5 87½; shipping superfine, \$4 50@4 75 % bbl.

Whear—The export interest is not buying heavily,
and the market is of course but moderately active.

For the best shipping grades \$1 82½ is said to be
the highest bidding figure, though choice milling
parcels bring an advance. The English situation
does not improve. does not improve.
On call at the Produce Exchange there was more or less pressure to sell, and the market under such circumstances could hardly be expected to show any pronounced strength. Some 500 tons No. 1 White changed hands as follows:
Seller season—100 tons, \$1 82\frac{3}{5}.

Buyer season—100 tons, \$1 96\frac{7}{5}; 200, \$2, 05.1.36 of 100, \$1 95\frac{7}{4}; 200,

Barley—The market is certainly snaping more favorably for the selling element. Although, perhaps, the better class of Feed is not yet fairly quotable at over \$1.05, the indications at the moment would rather encourage the opinion that a higher plane of values will soon be reached. We heard of no less than three transfers to-day at \$1.07½, though the principals were willing to admit that the parcels could be honestly considered as equal to No. 2 Brewing. Yet at least one of the lots had previously changed hands under a No. 1 Feed contract. Brewing is quotable at a range of \$1.12½@1.17½ for No. 1 grade, with liberal sales reported at \$1.15 & ctl.

B ctl.

On call at the Produce Exchange there was a good speculative feeling. The market opened strong on seller season contracts at 1½ ⊕ ctl above the closing figure of Saturday, with an advancing tendency, but the disposition to realize was somewhat general, and there was a slight reaction before the close of the session. Buyer season contracts moved in somewhat similar fashion under like influences. About 4,500 toos No. 1 Feed changed hands as follows:

Seller 1883—150 tons. \$1 05.
